### **GameZnFlix Signs Contract with MailItAgain to Provide Improved Mailer**

FRANKLIN, Ky., Sept. 19, 2005 (PRIMEZONE) -- GameZnFlix, Inc. (OTCBB:GZFX), an online provider of DVDs and video games for rent or purchase, today signed a contract to take delivery of a new, re-designed mailer that will reduce postage costs by about 40%, reducing delivery times to members and is expected to increase warehouse efficiency by about 60%.

"After a study conducted in conjunction with the U.S. Postal Service, we determined that our former mailer was causing some trouble with delivery times," said Donald "Chip" Gallent, president of Gameznflix. "MailItAgain offered us a solution that is at the forefront of mail piece design -- where the two-way mailers for the online rental business are heading."

"Our first requirement was a mail piece for GameZnFlix that lowered their postage to the one ounce rate," said Gary Emmott, CEO of MailItAgain. "Once that requirement was met, we had to produce a mailer that allowed them to permanently apply address information and barcodes for various applications."

Mr. Emmott continued, "This mail piece will allow GameZnFlix to move from postage at the two ounce rate down to the one ounce rate and mail their rentals for \$0.37 each way as first-class mail. In addition, by working with the U.S. Postal Service; they have ensured that their mailing piece and procedures allow them to take advantage of all the automation techniques the U.S. Postal Service uses to ensure speedy delivery of the mail."

GameZnFlix is a company that offers video games/DVD movies for rental or purchase on the Internet with access to over about 30,000 games and movie titles. With different membership levels beginning at \$8.99 a month subscribers can rent a combination of both video games and/or DVD movies with no late fees or due dates or members can purchase video games and/or DVD movie titles at a membership discount.
